Dear Permittee:

As you are aware, the 2004-2005 permit fee billing statements have recently been sent, and are payable by the last Friday in July. Because your permit fee was paid ahead (within the 45 day grace period), your payment was applied to the upcoming fiscal year and thus you did not receive a billing statement.

This year there have been some very important changes in the Minerals Regulatory Program. A summary of those changes were sent along with the permit fee billing statements. Therefore, we are sending you a copy of this important announcement so you will have this information.

If you have any questions, please do not hesitate to contact any of the minerals program staff.

Sincerely,

A handwritten signature in cursive script that reads "Joelle Burns".
